Young Scientist Travel Grants to attend 14th IUFOST World Congress in Shanghai, China 19th – 23rd October 2008

John Coppock and John Hawthorn Memorial Awards

The United Kingdom Federation for Food Science & Technology (UKFFoST) is offering potential financial support in memory of two UK renowned food scientists. The John Coppock Awards aim to encourage young scientists, technologists and food engineers, based in the UK, to travel to and participate in the next World Congress of Food Science & Technology in 2008, to be held in Shanghai, China.

This will provide an important opportunity for career development through meeting eminent world food scientists and participating in the scientific activities of the international community of food scientists and technologists.

Awards will cover partial funding of the costs of attending the Congress. Reduced price registration fees and accommodation are anticipated for the Congress. Full details of the Congress, including registration forms, costs and call for papers can be found on http://www.iufost.org/world_congress

Following attendance at the Congress, the John Hawthorn Memorial Award will be made to the writer of the best report on benefits gained from attending the meeting.

For further information and application forms, which must be completed and submitted before Monday June 30th 2008, please contact UKFFoST Honorary Secretary:
