Selected news, views and solutions on the latest UK & EU legislation

Keeping up-to-date with UK & EU legislation is paramount for those working in the food industry, whether you are a leading retailer, advisory consultant or Technical Manager. The Society of Food Hygiene and Technology recognises that staying in touch with rapidly changing requirements and maintaining an awareness of current legislation is critical.

To help our members stay alert to changes, the Society offer a legislation forum with industry leading experts to enable them to work through the minefield of information, offering solutions and guiding them to compliance. Each forum will be held at the SOFHT Training Room as a morning session.

This is a free benefit for all our members and we welcome your attendance. Help us lead the industry to compliance and consumer confidence.
